GROWING PARTNER OF THE
YEAR 2008.**

Provida Pty Ltd have extensive experience in providing software to benevolent organisations such as yours.

Sage Accpac software solutions will:

- Enhance your productivity
- Decrease your operating costs
- Help facilitate contact with stakeholders

We do this by providing end-to-end business software solutions that will help you **transform your entire charity**. Sage Accpac software will provide you with the means to communicate and process more effectively.

To help you transition to this latest technology and as a charitable gesture, we would like to offer you a **FREE Document Management System**. This is an essential element to smooth, effective process – creating a paperless office! Available to you with the purchase of any **Sage Accpac** business system (conditions apply).

Our Document Management System integrates with your GL, Accounts Receivable and Accounts Payable modules.

MARKETING & COMMUNICATIONS MANAGEMENT

Secure donations quickly and effectively, by grouping client data into categories such as volunteer, member and donor, formulate marketing strategies to suit each market sector and need.

DONOR MANAGEMENT

Our donor and member management module is hosted in a web browser and integrates with Microsoft Outlook®.

'BOARD READY' REPORTING FACILITY

Reports created in Real Time, in Excel formats relevant to your charity and key stakeholders. Reports can be emailed or viewed over the web.

Sage Accpac ERP:
Highest Growth

2008 Australia & New Zealand 

Sage Accpac software has been tailored to deal with your specific functions:

- Donor Management
- Member Management
- Accounting
- Payroll/HR
- Marketing & Communications
- Financial Reporting
- POS (Point of Sale)
- Warehouse Management

Provida will take a consultative approach to your business; we will tailor a solution to suit you.

We will improve your marketing and communication methods so you can increase donations and secure your member database. Ultimately, Sage Accpac software provides you with a communications solution to meet and exceed your requirements, establish further efficiencies and ultimately market share.

MEMBER MANAGEMENT

Financial data is integrated from the donor and member level through to Accounting. Only one database is needed – no need to re enter financial data, thereby eliminating double entry. Our solution is a fully integrated ERP, donation and member management system.

CAPTURING INFORMATION FOR REIMBURSEMENTS AND PAYMENTS

Creating a single file for each of your clients, ensures individual entitlements are managed correctly; information is securely and efficiently processed.
